## **Military Families Receive Fresh Christmas Tree Thanks to the Trees for Troops®**

St. Louis, MO, January 3, 2022 — For the 17<sup>th</sup> consecutive year, the Christmas Spirit Foundation partnered with FedEx Freight to implement the Trees for Troops® program, despite a few challenges created by the pandemic. Between November 29 and December 10, FedEx Freight picked up 14,736 fresh-cut Christmas trees from 55 locations in 24 different states and delivered them in varying amounts to 77 total military bases in the U.S. across all five branches of service. The trees were donated by tree farms, tree retailers and individuals.

The program has now provided a total of 277,001 free Christmas trees to military members and families since starting in 2005. Fresh cut Christmas trees are gathered together at designated farms and retail lots and then picked up by FedEx Freight. They then route them through their distribution centers and deliver them to bases. Once the trees are at the base and unloaded, each base determines how/when to distribute the trees to their personnel.

Every tree has a special tag attached that includes a personal note from donors, suppliers or supporters. “That personalized note on the tree lets the recipients know that lots of people are involved in getting them a fresh tree to raise their spirit,” said Rick Dungey, Executive Director of the Christmas Spirit Foundation. “It lets them know that they are supported.”

Trees for Troops counts on donations from the public to make this program succeed year after year. You can support Trees for Troops through your tax-deductible donation or by becoming a sponsor. The Christmas SPIRIT Foundation is a 501(c)(3) public charity. Your tax-deductible charitable contribution will help those in service to their country and their families receive a fresh Christmas Tree and keep the spirit of a traditional Christmas celebration alive.
